

The Rheinische Friedrich-Wilhelms-Universität Bonn is an international research university that offers a wide range of degree programs. Some 38,000 students and more than 6,000 employees study and work on the foundation of a 200-year tradition. Awarded the status of a University of Excellence, the University of Bonn is one of the leading universities in Germany and enjoys an excellent international reputation.

Starting on the next possible date and preliminarily limited to a fixed contract until 31.12.2025, the project C02 of the CRC-TRR 228 at the Department of Geography is seeking one

### **Postdoctoral Researcher (100%)**

The Collaborative Research Center CRC-TRR 228 "Future Rural Africa. Future-making and social-ecological transformation" combines expertise from the two Universities of Bonn and Cologne to study newly emerging issues of social-ecological transformation and future-making in Africa. The project C02 explores visions, knowledge production and strategic planning practices related to the Kenyan energy transition.
